The court house was closed this morning between 10:30 and 11:30 o'clock, and most of the county officials and employees attended the funeral services. Business and industry were well represented.

Dr. Ralph R. Gresh, pastor of St. James Lutheran church, of which Mr. Markley was a member, was in charge of the services at the funeral home and at the grave in Evergreen cemetery. REV. ALTLAND, 80 IS STRANGLER

The Rev. Charles H. Altland, 80, who had served as a Church of the Brethren minister for the past 49 years, was strangled to death Tuesday while operating an electric corn sheller on his farm at East Berlin, R. 2.

York county Coroner Lester J. Sell gave this version of the tragedy: Rev. Altland, who had only one arm, his left, was shelling corn and had a strap around his neck which was attached to the machine to take the place of his missing arm. The strap became entangled in the machinery, was pulled taut and caused the strangulation.

His lifeless body was found at 4 p. m. by his granddaughter, Doris Messinger, upon her return from school. A neighbor, Monroe Laughman, was called and released Altland's body.

The Rev. Mr. Altland, a life-long resident of East Berlin, has served as a minister at the Bermudian Church of the Brethren. He was elected to the ministry in 1900 and ordained to eldership in 1918. He was a son of the late Roland and Elmira King Altland. His wife, Amanda Goehner Altland, preceded him in death.

ARMY INSPECTS GUARD UNIT; ADD FOUR RECRUITS

Troop A, 104th Mechanized Cavalry, the local National Guard unit, today was undergoing its annual ordnance inspection by officials of the Second Army.

Final pre-inspection preparations were made Tuesday evening at the regular drill of the local organization in the armory on West Confederate avenue.

Four recruits have been signed by the troop, it was announced by 1st Lt. John W. Deardorff, Jr., the commanding officer. They are Kenneth C. Dively, Biglerville R. 1; William C. Hykes, Biglerville R. 2; Warren Kettoman, Fairfield R. 1, and Berdine Lighty, Gardners R. 1.

Need More Men

Instruction on "The Mounted Squad and Section" and specialist training occupied most of the time during Tuesday night's two hour drill. Cpl. Thomas A. Carr, 255 Chambersburg street, was named as manager for a basketball team to be made up of troop members for inter-squadron games and possibly games with other local teams.

Members of the troop received their pay for the previous period at Tuesday's drill.

Lieutenant Deardorff announced that the troop is still in need of additional men, if it is to make its quota by the end of the year and remain at Gettysburg.

Those interested in joining the organization, or anyone wishing to learn advantages offered by the National Guard may call at the armory any day between 8 a. m. and 5 p. m. on Tuesday and Thursday nights from 8 to 10 o'clock. Lieutenant Deardorff said.

SWOPE TO OPEN NEW STATION

Julius Swope, operator of the Swope Atlantic service station on Carlisle street, will open a similar Atlantic service station in the former McCauslin garage at the intersection of York and North Stratton streets Thursday.

He plans to continue as operator of both stations, with a brother, Richard Swope, as manager for the York street establishment.

Vacant since the McCauslin auto sales moved to its new home at 334 York street, the building at the intersection of York and Stratton streets has been changed to permit a larger front for the new Swope station and to permit the placing of a doughnut shop and snack bar in the east side of the front of the building, Charles Smith, of Arendtsville, a teacher at Bloomsburg for a number of years, will be proprietor of the new doughnut shop.

Whether a full opening of the new station Thursday will be possible was not determined today. Because storage and service facilities in the rear of the garage will be available, the place will be opened. Gas pumps for the front were expected to arrive Monday, but were shipped to Baltimore and as a result there will be a day's delay in placing the pumps, Swope said.

Swope took over operation of the station on Carlisle street in July, after he and a brother purchased the station from their father, Samuel F. "Pappy" Swope, about two years ago.

An old manuscript records this forward step in the history of the church. "The Reformed and Lutheran Congregations built this church jointly and called it Zion. This Zion church was 55 x 42 feet in dimensions and was built of brick. It was two stories high with galleries on three sides. Its pulpit was without sounding board and was modern in style. The altar was without chancel railing and every part of the interior is destitute of all ornaments and was made in the plainest possible manner.

Twenty-five Names
"No steeple or cupola indicated to the stranger the sacredness of the edifice, and no church bell here ever called together devout worshippers."

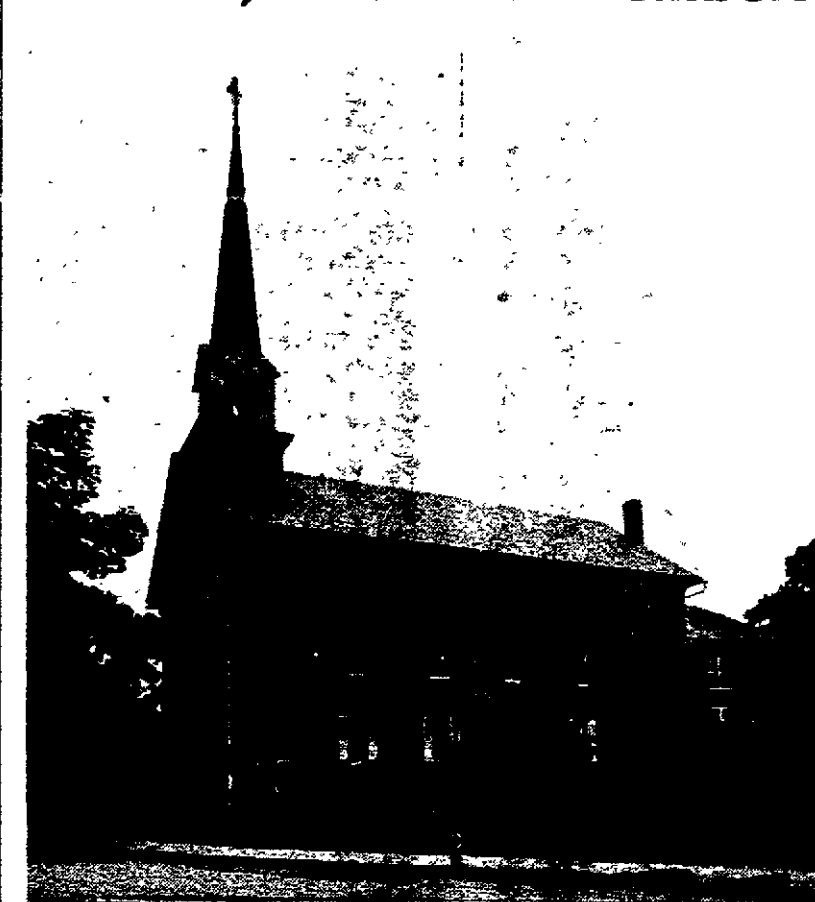

To be found in the earliest church records of Zion church are 25 Lutheran family names. These are recorded in the baptismal record of 1788 and the communicant record of 1790. Included are these family names: Arendts, Carbaugh, Baehr, Bartels, Beisecker, Durn, Flohr, Funt, Glas, Gross, Hartman, Knouse, Kraft, Kummel, Pfeiffer, Rau, Roth, Rheinhardt, Schneider, Schaeffer, Speece, Steinhour, Walker, Wilhelm and Young.

For 22 years these two congregations jointly used the same church and church record. The congregation remained a part of the Gettysburg charge until 1865 when the Rev. D. W. Wolf became the pastor. In 1872 a movement was begun to secure a lot of ground for use as a public cemetery. Disagreement in the choice of location resulted in the establishment of two cemeteries—"Greenmount" chartered in April, 1872, and "Fairview" not chartered at the time.

Parting of the Ways
By 1880 it was apparent that the two congregations had reached a parting of their ways. Membership in both congregations had grown and there was more demand for the use of the building. Zion church was in need of repairs and there was no disposition to effect these repairs as a union church. Differences in doctrine and ritual made these congregations diverse in sentiment and feeling.

Finally the problem of a proper division of time in the use of the church building became acute. Agitation for a severance of the ties between the congregations grew. After a number of meetings and an exchange of proposals, it was decided on February 14, 1881, that the Reformed congregation would buy for \$1,100 the Lutheran share of the church property and ground. And so the Lutherans were left (Please Turn to Page 5)

Trinity Lutheran Church In Arendtsville Had Beginnings In 1787; Has 525 Members

Shown above is an exterior view of the present edifice of the Arendtsville Trinity Lutheran church. The first all-Lutheran church in Arendtsville was completed in 1882.

The highest point in Arendtsville is the cross atop the spire of the Arendtsville Trinity Lutheran church. Here, rising toward the heavens is a symbol that has beckoned Christians down through the years. Under this symbol an ever-increasing congregation has come forth to honor this cross as they sing such hymns as "In the Cross of Christ I Glory."

And glorious has been the history of Trinity Lutheran church. Extending over 150 years it is a history that has left many milestones along the highway of Christian service.

While the present church was finished and dedicated in 1882, the congregation itself is much older. Back in 1787 the Germans, who had come here from York, Lancaster and other counties in 1740 and who were either Lutherans or Reformed, joined together to build a church.

The building, made of logs, weather-boarded, two stories high and flanked on three sides by galleries was built on the site now occupied by the Arendtsville bank. It was in this old church that both the Lutheran and Reformed groups first began to worship in Arendtsville as a union congregation.

Dedicated Christmas Day
Few records were kept in the early years of the congregation. Consequently little record of the building of this old log structure has ever been found. The school house and sexton house formed one building, also made of logs and weather-boarded. In 1850, a joint meeting of the two congregations was called for the purpose of considering the building of a new church.

A vote in favor of rebuilding was almost unanimous and on May 15, 1851, the cornerstone was laid on the site of the old school and sexton house. Dedication services were held on Christmas day of that same year. Total amount subscribed for this brick and colonial style building was \$2,339.50.

An old manuscript records this forward step in the history of the church. "The Reformed and Lutheran Congregations built this church jointly and called it Zion. HITS STEER ON HIGHWAY
An automobile driven by Ralph Trimmer, Jr., of York, struck a steer which was loose on the highway about 9:30 p. m. Tuesday night three miles east of Gettysburg on the Lincoln highway. The steer jumped over a fence into a field after being hit, state police said. The owner's name was not learned. Trimmer's car had to be towed to a garage.

Hunters Blamed For Two Blazes

Hunters were blamed for two fires in the mountain area around Caledonia Monday afternoon.

The first blaze, at Hunter's Run, which had gotten out of control for a time, was eventually extinguished by the hunters.

The Franklin fire company of Chambersburg responded to a forest fire alarm at Poplar Springs Hollow, in that same area, about 4 p. m. All they found was one tree ablaze, and they quickly put the fire out.

324 TO START CENSUS WORK IN COUNTY IN APRIL

Three hundred and twenty-four men and women will start asking personal questions in Adams, York and Franklin counties next April.

The small battalion will be the decennial census takers, according to the Associated Press, and they will be among 10,382 throughout the country who will begin the questioning at the same time.

Adams county will be under the York office of the census and the workers will ask everybody 10 basic questions regarding name, race, age and sex. Every fifth person they meet will have a harder job to answer the questions. He will get a questionnaire including such things as where he lived a year ago, how long he went to school, as well as some of the information the income tax man gathers each year.

When the census is over and the question asks have completed their work, then the adding machines will run overtime to find the answers to such questions as the population of the country, how many men and how many women there are, the number of people by age groups, and a long, long list of other questions that are valuable to government.

As a result of the census, there probably will be some changes in congressional districts, possibly some action by educators to get people to go to school longer.

In one particular, the question of income, if the figures shown by the census are higher than the amount shown by income tax returns, Uncle Samuel will be mighty, mighty curious.

ARMY INSPECTS GUARD UNIT; ADD FOUR RECRUITS

Troop A, 104th Mechanized Cavalry, the local National Guard unit, today was undergoing its annual ordnance inspection by officials of the Second Army.

Final pre-inspection preparations were made Tuesday evening at the regular drill of the local organization in the armory on West Confederate avenue.

Four recruits have been signed by the troop, it was announced by 1st Lt. John W. Deardorff, Jr., the commanding officer. They are Kenneth C. Dively, Biglerville R. 1; William C. Hykes, Biglerville R. 2; Warren Kettoman, Fairfield R. 1, and Berdine Lighty, Gardners R. 1.

Need More Men

Instruction on "The Mounted Squad and Section" and specialist training occupied most of the time during Tuesday night's two hour drill. Cpl. Thomas A. Carr, 255 Chambersburg street, was named as manager for a basketball team to be made up of troop members for inter-squadron games and possibly games with other local teams.

Members of the troop received their pay for the previous period at Tuesday's drill.

Lieutenant Deardorff announced that the troop is still in need of additional men. If it is to make its quota by the end of the year and remain at Gettysburg.

Those interested in joining the organization, or anyone wishing to learn advantages offered by the National Guard may call at the armory any day between 8 a. m. and 5 p. m. on Tuesday and Thursday nights from 8 to 10 o'clock, Lieutenant Deardorff said.

SWOPE TO OPEN NEW STATION

Julius Swope, operator of the Swope Atlantic service station on Carlisle street, will open a similar Atlantic service station in the former McCauslin garage at the intersection of York and North Stratton streets Thursday.

He plans to continue as operator of both stations, with a brother, Richard Swope, as manager for the York street establishment.

Vacant since the McCauslin auto sales moved to its new home at 334 York street, the building at the intersection of York and Stratton streets has been changed to permit a larger front for the new Swope station and to permit the placing of a doughnut shop and snack bar in the east side of the front of the building, Charles Smith, of Arendtsville, a teacher at Bloomsburg for a number of years, will be proprietor of the new doughnut shop.

Whether a full opening of the new station Thursday will be possible was not determined today. Because storage and service facilities in the rear of the garage will be available, the place will be opened. Gas pumps for the front were expected to arrive Monday, but were shipped to Baltimore and as a result there will be a day's delay in placing the pumps, Swope said.

Swope took over operation of the station on Carlisle street in July, after he and a brother purchased the station from their father, Samuel F. "Pappy" Swope, about two years ago.

TOWN LOSES CONVENTION

The 1950 Tri-State convention of the Pennsylvania Branch of the National League of District Postmasters, originally scheduled to be held in Gettysburg next June 5, 6 and 7, has been transferred to Hershey.

This information was contained in a letter received today by Henry M. Scharf, manager of the Hotel Gettysburg, from Jacob W. Sutton, of Smithfield, Pa., president.

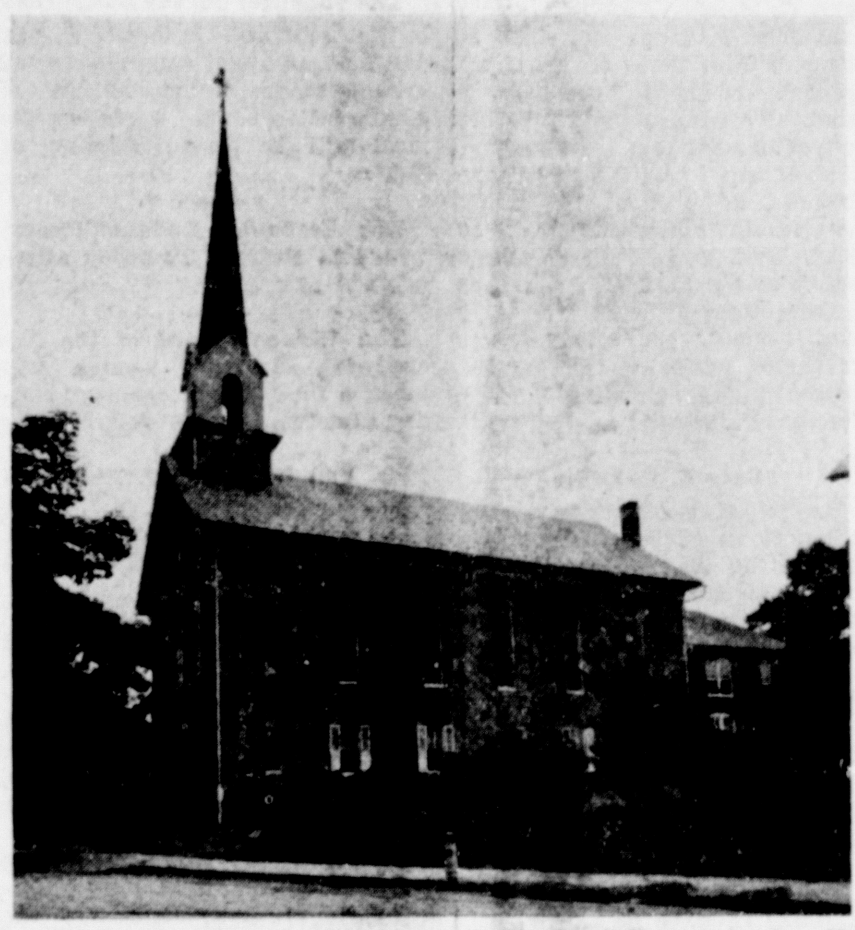

Mr. Scharf and Henry W. Garvin, president of the Gettysburg Chamber of Commerce, conferred several times with Mr. Sutton and his committee last summer and Gettysburg was decided upon for next year's session. No explanation was given for the change in plans.

Mr. Sutton wrote in his letter to Mr. Scharf: "We officers want to thank both of you (Messrs. Scharf and Garvin) for your invitation to bring our convention to your city and I personally want to thank you both for the courtesy extended me upon my visits with you."

HITS STEER ON HIGHWAY

An automobile driven by Ralph Trimmer, Jr., of York, struck a steer which was loose on the highway about 9:30 p. m. Tuesday night three miles east of Gettysburg on the Lincoln highway. The steer jumped over a fence into a field after being hit, state police said. The owner's name was not learned. Trimmer's car had to be towed to a garage.

Trinity Lutheran Church In Arendtsville Had Beginnings In 1787; Has 525 Members

Shown above is an exterior view of the present edifice of the Arendtsville Trinity Lutheran church. The first all-Lutheran church in Arendtsville was completed in 1882.

The highest point in Arendtsville is the cross atop the spire of the Arendtsville Trinity Lutheran church. Here, rising toward the heavens is a symbol that has beckoned Christians down through the years. Under this symbol an ever-increasing congregation has come forth to honor this cross as they sing such hymns as "In the Cross of Christ I Glory."

And glorious has been the history of Trinity Lutheran church. Extending over 150 years it is a history that has left many milestones along the highway of Christian service.

While the present church was finished and dedicated in 1882, the congregation itself is much older. Back in 1787 the Germans, who had come here from York, Lancaster and other counties in 1740 and who were either Lutherans or Reformed, joined together to build a church. This building, made of logs, weather-boarded, two stories high and flanked on three sides by galleries was built on the site now occupied by the Arendtsville bank. It was in this old church that both the Lutheran and Reformed groups first began to worship in Arendtsville as a union congregation.

Dedicated Christmas Day

Few records were kept in the early years of the congregation. Consequently little record of the building of this old log structure has ever been found. The school house and sexton house formed one building, also made of logs and weather-boarded. In 1850, a joint meeting of the two congregations was called for the purpose of considering the building of a new church.

A vote in favor of rebuilding was almost unanimous and on May 15, 1851, the cornerstone was laid on the site of the old school and sexton house. Dedication services were held on Christmas day of that same year. Total amount subscribed for this brick and colonial style building was \$2,339.50.

An old manuscript records this forward step in the history of the church. "The Reformed and Lutheran Congregations built this church jointly and called it Zion. This Zion church was 55 x 42 feet in dimensions and was built of brick. It was two stories high with galleries on three sides. Its pulpit was without sounding board and was modern in style. The altar was without chancel railing and every part of the interior is destitute of all ornaments and was made in the plainest possible manner."

Twenty-five Names

"No steeple or cupola indicated to the stranger the sacredness of the edifice, and no church bell here ever called together devout worshippers."

To be found in the earliest church records of Zion church are 25 Lutheran family names. These are recorded in the baptismal record of 1790. Included are these family names: Arendts, Carbaugh, Baehr, Bartels, Beisecker, Durn, Flohr, Funt, Glas, Gross, Hartman, Knouse, Kraft, Kummel, Pfeiffer, Rau, Roth, Rheinhardt, Schneider, Schaeffer, Speece, Steinhour, Walter, Wilhelm and Young.

For 22 years these two congregations jointly used the same church and church record. The congregation remained a part of the Gettysburg church until 1865 when the Rev. D. W. Wolf became the pastor. In 1872 a movement was begun to secure a lot of ground for use as a public cemetery. Disagreement in the choice of location resulted in the establishment of two cemeteries—"Greenmont" chartered in April, 1872, and "Fairview" not chartered at the time.

Parting of the Ways

By 1880 it was apparent that the two congregations had reached a parting of their ways. Membership in both congregations had grown and there was more demand for the use of the building. Zion church was in need of repairs and there was no disposition to effect these repairs as a union church. Differences in doctrine and ritual made these congregations diverse in sentiment and feeling.

Finally the problem of a proper division of time in the use of the church building became acute. Agitation for a severance of the ties between the congregations grew. After a number of meetings and an exchange of proposals, it was decided on February 14, 1881, that the Reformed congregation would buy for \$1,100 the Lutheran share of church property and ground.

And so the Lutherans were left (Please Turn to Page 5)

Hunters Blamed For Two Blazes

Hunters were blamed for two fires in the mountain area around Caledonia Monday afternoon.

The first blaze, at Hunter's Run, which had gotten out of control for a time, was eventually extinguished by the hunters.

The Franklin fire company of Chambersburg responded to a forest fire alarm at Poplar Springs Hollow, in that same area, about 4 p. m. All they found was one tree ablaze, and they quickly put the fire out.

324 TO START CENSUS WORK IN COUNTY IN APRIL

Three hundred and twenty-four men and women will start asking personal questions in Adams, York and Franklin counties next April.

The small battalion will be the decennial census takers, according to the Associated Press, and they will be among 10,382 throughout the country who will begin the questioning at the same time.

Adams county will be under the York office of the census and the workers will ask everybody 10 basic questions regarding name, race, age and sex. Every fifth person they meet will have a harder job to answer the questions. He will get a questionnaire including such things as where he lived a year ago, how long he went to school, as well as some of the information the income tax man gathers each year.

When the census is over and the question askers have completed their work, then the adding machines will run overtime to find the answers to such questions as the population of the country, how many men and how many women there are, the number of people by age groups, and a long, long list of other questions that are valuable to government.

As a result of the census, there probably will be some changes in congressional districts, possibly some action by educators to get people to go to school longer.

And in one particular, the question of income, if the figures shown by the census are higher than the amount shown by income tax returns, Uncle Samuel will be mighty, mighty curious.

DR. C. K. SWARTZ, BALTIMORE, DIES

Dr. Charles Kephart Swartz, formerly of Gettysburg, who was colleague professor of geology at Johns Hopkins university from 1910 until his retirement as professor emeritus in 1931, died Monday at his home in Baltimore after an illness of several months due to injuries suffered in a fall last summer. He was 88 years old.

struct the proposed addition under the state authority plan.
According to the application forms, the Littlestown school system has \$5,000 on hand to start the addition, and thus \$57,200 will be the amount needed from the authority, if the plan is approved and if the Littlestown board decides to go ahead with the construction. The application lists \$3,625.04 as the expected annual "rental" to pay off the debt if the Littlestown board decides to go ahead with the plans for the east wing.
First In 11 Years
At the same time, the board members indicated they will be willing to give their approval to the Littlestown board to go ahead under a Littlestown school authority similar to the Upper Adams Holding company, if the Littlestown officials decide to drop plans for building under the state authority.
The new addition to the high

school would permit the addition of such courses as art and agriculture to the school, Littlestown authorities said.
County board members pointed to the experience of the Upper Adams jointure with the state authority to indicate that possibly, if the addition is built, it may be built under a Littlestown holding company plan. The Upper Adams system investigated the possibility of a loan from the state authority to construct the new Bendersville elementary school, found that the cost under the state plan would be excessive, and decided to build under its own holding company in order to construct the building at the least expense to the district. It was also reported that the Upper Adams system hopes to have its Bendersville school ready for use next fall.
If the application of York Springs for an agriculture department is given approval by the state, it will mark the first new vocational agriculture department in an Adams county school since 1938, Richard C. Lighter, county vocational agricultural education supervisor said. The class will have an enrollment of 38, according to the application made Monday night. Lighter also added that several teachers will be available for the course if it is begun, as planned, at the start of the second semester of the current school term.

Appoint Committees
Named as members of the various committees for the directors' convention December 9 at Littlestown were: Nominating, Harry C. Brinton, Berwick township; Robert C. Lott, Menallen; Henry E. Wailman, Littlestown; Clair Pohl, Huntingdon township; Ray F. Punt, Highland; J. Paber Wildasin, Abbottstown, and Sallie L. Klunk, McSherrystown; resolutions, J. P. Kanagy, Butler township; Luther W. Ritter, Littlestown; Harold W. Lerew, York Springs; Ralph Guise, Straban township; P. L. Hoover, Conewago Independent; John J. Reindollar, Fairfield; Charles E. Slaybaugh, New Oxford; Melvin Kane, Franklin township; Felix J. Klunk, Conewago township; tickets, Rowe M. Martin, Biglerville, and Lloyd E. Crouse, Littlestown.
County Superintendent of Schools J. Floyd Slaybaugh announced that the Crippled Children's society has donated \$150 toward the audiometer purchased for use by the school nurses and that the Gettysburg Lions and Rotary clubs have been asked for donations toward the \$145 debt still remaining.

To Elect Two To Board
Two members for the county board will be elected at the county board convention at Littlestown, Slaybaugh said. The terms of M. S. Hershey, York Springs and Raymond M. Baugher, New Oxford, both expire in July. The Littlestown high school band will provide music at the morning session of the directors' meeting, while students at Littlestown will present a play in the afternoon for the directors' entertainment. The turkey dinner held in connection with the convention will be served in the school cafeteria.
The December meeting of the county directors will be held December 15 in the form of a dinner session at the Gettysburg Methodist church.
Annual financial reports and auditors reports for the following districts were approved: Arendtsville, Bendersville, Berwick, Biglerville, Butler, Conewago, Conewago Independent, Conewago Jointure, Cumberland, East Berlin, Fairfield, Germany, Hamilton, Highland, Huntingdon, Littlestown, Mt. Joy, Mt. Pleasant, New Oxford, Oxford, Straban and Union. The enumeration reports showed that first and second grades in most school districts were from 10 to 20 per cent larger than the same grades two years ago.

The Adams county treasurer today made his usual Christmas gift suggestion to Adams county's 5,437 dog owners.

Dog licenses for 1950 are now available at the court house and Treasurer Donald C. Stallsmith noted that nothing makes a more acceptable gift for Fido than a new license.

Besides, Fido must have a new license when January 15 rolls around. So far 5,000 licenses have been received, but the treasurer expects that the dog population may have increased somewhat above the 5,437 licensed for 1949 and is expecting additional licenses to be forwarded by the state later.

Bar Holds Meeting

Members of the Legion color guard were Harold Wentz, Joseph Smith, Eugene S. Sickles and Paul L. Spangler.

Members of the county bar association met at 9:30 o'clock in the law library at the court house. The sentiments of its members at the loss of Attorney Markley were expressed by Atty. Eugene V. Buleit, in the following words:

"As time multiplies and as friends pass on, I believe we become less inclined to express our personal loss on these occasions. We seem rather to begin to comprehend something of a purpose which inspires us to seize and preserve from the life of each departing friend something which contributes to our progress toward perfection.

"A Good Lawyer"

"Let the record show that Edgar K. Markley was born on July 12, 1906; that he graduated from Gettysburg college with the degree of Bachelor of Science and from the Dickinson School of Law with the degree of Bachelor of Law; that he was admitted to the bar of the Supreme Court of Pennsylvania on October 3, 1932, and to the bar of the courts of Adams county on November 10, 1932, that he practiced law by himself with an office in the Stallsmith building until he became associated with John D. Keith and Franklin R. Bigham on July 1, 1939; that he was a member of the American Bar association and of the Pennsylvania Bar association, as well as of this bar; that he has served as vice president and was elected president of the Adams County Bar association at our annual meeting last winter, and that he was a member of St. James Lutheran church, the Phi Sigma Kappa fraternity, Masonic lodge, Elks and Sons of Union Veterans.

"But among our remembrances let us record also that he was a thorough, painstaking lawyer. His evaluation of his profession and his professional standing called for adherence to the highest standard of ethics, strict personal integrity and uniform courtesy to and respect for the courts and his associates at the bar. He measured up as one of our good lawyers.

Judge Sheely Speaks

"He was a good friend. He could be depended on. We shall remember him, and remembering, miss him."

Attorney Buleit's words were ordered incorporated in the records of the bar association.

Judge Sheely affirmed the remarks of Attorney Buleit, and further noted that since 1936, there have been nine deaths among the local bar, leaving the Adams County Bar a predominantly young one. He further remarked that Mr. Markley was one of the increasingly few members who had an early association with the tradition of the older bar, and that, in addition to the loss of a fine friend and an able and highly ethical associate, the Adams County Bar has suffered a distinct loss in this, another breaking of the link with the past.

California And Bloomsburg Tie

Philadelphia, Nov. 30 (AP)—Bloomsburg and California ranked today as co-champions of the mythical Teacher College football conference for 1949.

For the second successive year, Bob Redman's Bloomsburg Huskies finished undefeated in loop play. Only an upset loss to Wilkes in its opener marred a second straight perfect season for the Huskies.

California matched the Huskies move for move, winning six in the loop and losing only once in outside play, that one to West Liberty of West Virginia in its second contest.

The Huskies had a far better offensive showing for the season but couldn't match the Vulcans in defensive play. Bloomsburg piled up 155 points in the conference to top California by 49 points. No other team broke the 100-mark and California restricted its six foes to 47 points against 69 for Bloomsburg.

IRISH CHOSEN AS BEST TEAM DURING SEASON

New York, Nov. 30 (AP)—The Fighting Irish of Notre Dame today reign as college football champions of 1949.

Notre Dame drew 172 of 248 first-place votes and a bulging total of 2,402 points in the ninth and final Associated Press poll of football writers and sportscasters across the nation.

Although Notre Dame, unbeaten over a 37-game stretch, still has to play Southern Methodist Saturday, most of the other high point teams have finished their schedules.

Oklahoma, 41-0 winner over the Oklahoma Aggies, recaptured second place from idle California despite strong first-place support for the Golden Bears from the Pacific coast. Oklahoma had 18 firsts to 40 for California but the Sooners piled up a point edge of 2,018 to 1,900. Points are figured on the basis of 10 for first, nine for second and so on down to one for tenth.

Army's flashy 38-0 rout of Navy failed to boost the Cadets' fourth-place standing. They polled 12 firsts and 1,838 points.

The other firsts went to College of Pacific, which had four, and Villanova, No. 1 on two ballots.

Behind the "Big Four" of Notre Dame, Oklahoma, California and Army, in that order, came Rice, moving from seventh to fifth on its 21-7 triumph over Baylor. That win guaranteed Rice the Southwest conference crown and the job of Cotton Bowl host.

Ohio State, Michigan and Minnesota, all of whom ended their regular seasons a week ago, ran sixth, seventh and eighth, in that order. Ohio State, California's Rose Bowl opponent, and Michigan each dropped a peg in the final ratings but Minnesota was a firm eighth.

Louisiana State, 21-0 conqueror of Tulane and Sugar Bowl foe of Oklahoma, edged into the top ten, taking ninth place with a surprising 516-point vote.

College of Pacific, with one game to play, finished 10th with the help of an 88-0 romp over California Poly. Both Baylor and Tulane dropped out of the top ten.

MOUNTAINEER CAGERS FACE 21 CONTESTS

Mount St. Mary's college, has released a 1949-1950 varsity basketball schedule of 21 games; nine of which will be played against Mason-Dixon conference quints on the Frederick armory court, as home games for the Emmitsburg collegians.

The Mounties open in a conference tilt with Hampden-Sydney college, Thursday, at Hampden-Sydney, Va. and close February 28, with Western Maryland college, at Frederick.

In between, the Mount cagers will play 17 conference tilts, nine here and eight away; intermingled with four non-conference road tilts, Dec. 7—at Gettysburg college; 16—Villanova college, at Philadelphia; 17—Iona college, at New Rochelle, N. Y. and Jan. 6—Shippensburg State Teachers, at Shippensburg.

Conference games away from home include: Catholic U., Dec. 10 and American U., Jan. 13 both at Washington; Baltimore U., Jan. 21 and Loyola college, Feb. 10, both at Baltimore; Hampden-Sydney, Dec. 1 and Roanoke college, Dec. 2, both in the Virginia college towns.

Western Maryland college, at Westminster, January 17 and Washington college, at Chestertown, February 18.

Home games for Mount St. Mary's college, will be played on the Frederick Armory court, due to the unfinished construction of the new gymnasium at Emmitsburg. All home games are against Mason-Dixon teams, and are scheduled as:

December 13—Towson State Teachers, January 10—Loyola of Baltimore, January 24—Washington college.

February 7—Baltimore university, 11—Bridgewater college, 14—Roanoke college, 21—Catholic U., 25—American U. and closing the season February 28—Western Maryland college.

Junior varsity games will precede all home games. The Jayvees are coached by Pete Clark, who last year was a strong Frederick favorite as captain and sparkplug of the Mounts.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Nov. 30 (AP)—Richard "Smorgasbord" Smith, a man of broad experience in sports and eating, claims the Chicago Cubs have been improved more this year than they were by all their trades last winter. "I'm not worried about our pitching; the left side of our infield is strong and if Preston Ward hits even 250 our team will do," Smith said between bites and football gabble the other day. "The statement about Ward brought some eyebrow lifting, but Smith insisted that's just what he meant. 'We're that much better,' he explained. "Switching rapidly to the football game, Smith, his other love, Smorgasbord, blamed lack of depth for their losses. "We only have about 20 men we can depend on and we just haven't enough depth in the backfield," he explained. "Someone suggested the Cubs had the same difficulty and that maybe they'd like to have Hank Borowy back. "Borowy," snorted Smith. "He only beats second division clubs—he beat us five times last season."

GOOD ARITHMETIC-TRICK

Steve Owen tells about running into one of his former Giant stars, Ward Cuff, on a recent visit to Green Bay, Wis. "Cuff is coaching a nearby high school team and naturally they began discussing trade secrets, including defense setups. "I use a 6-3-2 setup or sometimes a 5-4-2," Cuff explained. "And when the going gets really tough, I switch to a 5-5-2. The best part is we never got caught at it all year."

SPORTS BEFORE YOUR EYES

Bobby Riggs and Jack Kramer are getting a bit worried about their pro tennis tour, which is just about breaking even financially. "And sometime next spring they'll probably try to improve the gate attractions by adding Pauline Betz and either Sarah Palfrey or Mary Hardwick to the troupe. "In Champagne, Ill., they'll tell you that Johnny Karas, the guy who busted the big nine-and-a-half ground gaining record, will find it hard to finish his college career because so many big league baseball teams are after him with tempting offers. "Jim Healey, who ran on two world record relay teams at the University of Pennsylvania, is slated to become the next president of the New York A. C. Spiked Shoe club. "Eddie Suik, who is pinch hitting for Leo Houck as Penn State boxing coach, already has called out his first-swingers to prepare for the opening meet against Minnesota in January.

Pitt Quint Will Play 16 Contests

Pittsburgh, Nov. 30 (AP)—The University of Pittsburgh plays a 16-game schedule this season with the opener at Storrs, Conn., against the University of Connecticut. The schedule: Dec. 22 at Connecticut; 29-30,

California And Bloomsburg Tie	G.	F.	Pts.
Philadelphia, Nov. 30 (AP)—			
Bloomsburg and California ranked today as co-champions of the mythical Teacher College football conference for 1949.			
For the second successive year, Bob Redman's Bloomsburg Huskies finished undefeated in loop play. Only an upset loss to Wilkes in its opener marked a second straight perfect season for the Huskies.			
California matched the Huskies move for move, winning six in the loop and losing only once in outside play, that one to West Liberty of West Virginia in its second contest.			
The Huskies had a far better offensive showing for the season but couldn't match the Vulcans in defensive play. Bloomsburg piled up 155 points in the conference to top California by 49 points. No other team broke the 100-mark and California restricted its six foes to 47 points against 69 for Bloomsburg.

IRISH CHOSEN AS BEST TEAM DURING SEASON

New York, Nov. 30 (AP)—The Fighting Irish of Notre Dame today reign as college football champions of 1949.

Notre Dame drew 172 of 248 first-place votes and a bulging total of 2,402 points in the ninth and final Associated Press poll of football writers and sportscasters across the nation.

Although Notre Dame, unbeaten over a 37-game stretch, still has to play Southern Methodist Saturday, most of the other high point teams have finished their schedules.

Oklahoma, 41-0 winner over the Oklahoma Aggies, recaptured second place from idle California despite strong first-place support for the Golden Bears from the Pacific coast. Oklahoma had 18 firsts to 40 for California but the Sooners piled up a point edge of 2,018 to 1,900. Points are figured on the basis of 10 for first, nine for second and so on down to one for tenth.

Yesterday's Sports In Brief

(By The Associated Press)

Stillwater, Okla.—Oklahoma A. and M. announced J. B. (Ears) Whitworth, Georgia line coach, has been named head coach of the Aggies.

New York—Leon Hart, Notre Dame end, was named winner of the Heisman trophy as the year's outstanding college football player.

Little Rock—The Little Rock Gazette said John Barnhill would resign at coach, at University of Arkansas but remain as athletic director.

Bowie, Md.—Harbourton (\$440) won the featured Laytonville purse at Bowie.

New Orleans—Cotton Joe (\$540) won the Selznick purse at Fair Grounds.

Toronto—Walter (Turk) Broda, Toronto goal tender, was suspended by the National Hockey league club until he could reduce from 197 to 190 pounds.

Southern Pines, N. C.—George Schneider, tournament manager of the PGA, said the Ryder Cup golf competition with Britain should be dropped unless it can be made to pay for itself.

Heisman Trophy For Leon Hart

New York, Nov. 30 (AP)—Leon Hart, Notre Dame's giant end, is leaving little room for argument that he is the outstanding college football player of the 1949 season.

The six-foot-four 265-pound wingman, who is fast enough to double as a fullback, was an overwhelming winner today of the Heisman trophy.

The trophy is awarded yearly to the performer selected as the best player in the country by a panel of sports writers and broadcasters.

Less than two weeks ago the Turtle Creek, Pa., lad won similar acclaim in being voted the Maxwell Memorial trophy by the football club of that name in Philadelphia.

OKLAHOMA A.M. SELECTS NEW GRID MENTOR

New York, Nov. 30 (AP)—There were heavy rumblings today in college coaching ranks, the aftermath of a turbulent football season.

A new head coach was named at Oklahoma A. and M., a shakeup was forecast at Arkansas and rumors of changes were quieted at Pennsylvania, Wake Forest and Holy Cross.

J. B. (Ears) Whitworth, veteran line coach at the University of Georgia, was named head coach at Oklahoma A. and M. to succeed Jim Lookabaugh.

Lookabaugh resigned this fall after 11 years at the helm. His team won four games, lost four and tied two this year.

At Little Rock, Ark., there was a report John Barnhill would resign as head football coach today and turn over the reins to a big timer from professional ranks who can "jazz up" the Razorback offense.

At Wake Forest, N. C., coach D. C. (Peahead) Walker said there was nothing to reports he had quit.

Walker was reported in line for the coaching post with the professional Washington Redskins.

At Philadelphia, Harold Stassen, president of University of Pennsylvania, issued a vote of confidence to coach George Munger, whose Quakers lost successive games to Pittsburgh, Virginia, Army and Cornell.

the service, M/Sgt. William L. Baldwin, Pennsylvania brigade, Sons of Union Veterans Reserves, sounded taps.

Bar Holds Meeting
Members of the Legion color guard were Harold Wentz, Joseph Smith, Eugene S. Sickles and Paul L. Spangler.

Members of the county bar association met at 9:30 o'clock in the law library at the court house. The sentiments of its members at the loss of Attorney Markley were expressed by Atty. Eugene V. Bulleit, in the following words:

"As time multiplies and as friends pass on, I believe we become less inclined to express our personal loss on these occasions. We seem rather to begin to comprehend something of a purpose which inspires us to seize and preserve from the life of each departing friend something which contributes to our progress toward perfection.

"A Good Lawyer"
"Let the record show that Edgar K. Markley was born on July 12, 1906; that he graduated from Gettysburg college with the degree of Bachelor of Science and from the Dickinson School of Law with the degree of Bachelor of Law; that he was admitted to the bar of the Supreme Court of Pennsylvania on October 3, 1932, and to the bar of the courts of Adams county on November 10, 1932, that he practiced law by himself with an office in the Stallsmith building until he became associated with John D. Keith and Franklin R. Bigham on July 1, 1939; that he was a member of the American Bar association and of the Pennsylvania Bar association, as well as of this bar; that he has served as vice president and was elected president of the Adams County Bar association at our annual meeting last winter, and that he was a member of St. James Lutheran church, the Phi Sigma Kappa fraternity, Masonic lodge, Elks and Sons of Union Veterans.

"But among our remembrances let us record also that he was a thorough, painstaking lawyer. His evaluation of his profession and his professional standing called for adherence to the highest standard of ethics, strict personal integrity and uniform courtesy to and respect for the courts and his associates at the bar. He measured up as one of our good lawyers.

Judge Sheely Speaks
"He was a good friend. He could be depended on. We shall remember him, and remembering, miss him."

Attorney Bulleit's words were ordered incorporated in the records of the bar association.

Judge Sheely affirmed the remarks of Attorney Bulleit, and further noted that since 1936, there have been nine deaths among the local bar, leaving the Adams County Bar a predominantly young one. He further remarked that Mr. Markley was one of the increasingly few members who had an early association with the tradition of the older bar, and that, in addition to the loss of a fine friend and an able and highly ethical associate, the Adams County Bar has suffered a distinct loss in this, another breaking of the link with the past.

From the Files of the

TWENTY-FIVE YEARS AGO

County Marker Is Dedicated:

Bleak November clouds could not
mitigate the interest and enthu-
siasm with which nearly 500 persons
from all over the state gathered on
Saturday at the Captain John Han-
son Steelman memorial in Liberty
township, near Zora.

The tall weathered stone to
which is affixed the tablet in mem-
ory of Captain Steelman, first white
settler to permanently reside in
Pennsylvania, west of the Susque-
hanna River, is placed on the Eckert
land, overlooking the original tract
of Colonel Steelman.

Chief Strong Wolf, dressed in or-
iginal Indian garb opened the serv-
ice with an appropriate invocation.
Albert Cook Myers, secretary of the
Pennsylvania Historical Commis-
sion, introduced Col. Henry W.
Shoemaker who welcomed those in
attendance. Colonel Shoemaker pre-
sented Daniel C. Jacobs, of Arend-
sville, who made the presentation of
the deed for the site of the mark-
er. The tablet was unveiled by Miss
Nancy McCurdy Keith, daughter of
John D. Keith, through whose in-
defatigable work the memorial
stands today as a tribute to Steel-
man. The patch of land was do-
nated to the commission by Mr. and
Mrs. Eckert.

Albert Cook Myers, John D. Keith
and Dr. Amandus Johnson spoke of
Captain Steelman and the Swedes
in Pennsylvania.

His Excellency, Axel Wallenberg,
Minister of Sweden to the United
States, delivered the main address
of the afternoon.

Doctor A. R. Wentz offered the
benediction.

**Maryland Couple Wedded Satur-
day:** Miss Mary Marshall, daughter
of Mr. and Mrs. Benjamin Mar-
shall, and Lake Ridinger, son of Mr.
and Mrs. John Ridinger, of Harney,
Maryland, were married at the home
of the bride's parents on Saturday
evening, by the Rev. L. K. Young,
pastor of the Mt. Joy Lutheran
charge. One hundred and fifty
guests attended the ceremony and
a dinner which followed.

**Oldest School House in Adams
County:** Gettysburg has again come
into the national limelight with the
uncovering of information which
proves conclusively that the first
school, west of the Susquehanna
was founded in this community.

Erected more than thirty years
before the borough's streets were
laid out, the large, old stone house,
known for years as Dobbin's school,
the first classical school west of the
Susquehanna river, stands near the
forks of two streets.

Ivy-covered, but staunch as the
day it was built more than one
hundred and fifty years ago, this
old school house still stands as a
testimonial to the excellent work-
manship of the builders as well as
to the foresight of the late Rev.
Alexander Dobbin, native of Ire-
land, who caused its erection that
educational facilities might be
handy for the little thriving set-
tlement which had not yet received
the name Gettysburg.

The Rev. Mr. Dobbin built the
school in 1774 and closed it in 1801.
Eight years later, the Rev. Mr.
Dobbin died at the age of eighty-six
years, and was buried in Lower
Marsh Creek Cemetery, near here,
where bodies of his wife and several
sons are interred.

Couple Weds Thanksgiving: A
very pretty wedding was solemnized
on Thanksgiving evening at 6:30
o'clock, when Miss Ethel Marie
Peters, daughter of Mr. and Mrs.
William Peters, Biglerville, became
the bride of Walter C. Slaybaugh,
son of Harry E. Slaybaugh, Aspers.
The ceremony was performed at the
United Brethren parsonage, at
Shippensburg, by the Rev. J. C. Cou-
lson.

County Couple Married Tuesday:
Miss Bertha A. Cool, daughter of
Mr. and Mrs. John Cool, near Big-
lerville, and Mervin A. Hernan-
des were married by the Rev. G. E.
Miller, pastor of the Biglerville Lu-
theran church, at the parsonage,

SHADOWS

To most people a shadow is mere-
ly a shadow and nothing more. To
a thinking observer, however, a
shadow is something significant. I
have been looking out of my library
window noting these shadows, cast
by a golden garbed maple tree. Many
of the fallen Autumn leaves had
left spaces where the sun pierced
through, causing shadows cast to
form a beautiful pattern upon the
tired grass.

It is a joy to manipulate my
camera but I am rarely tempted to
do so, so long as no shadows are
about. Before me is a painting by
a great master, and near it is an
etching of Whitman's home. The
shadows are the smiles to both!

Wordsworth, whose "study" was in
his home, but whose "library" was
in the out-of-doors, is said to have
been so observant that "the shadow
of a daisy on a stone" did not even
escape his eye. Many years ago I
lived in a beautiful pent-house at
Miami Beach, during the Winter
months, and each night I went out
on the sun porch to watch the
shadows of the palms play upon the
white walls of the building. They al-
most sang to me!

Nature would surrender much of
its charm were it not for the shad-
ows and reflections that are for-
ever at play. What a sight it is to
walk through a beautiful garden and
note the shadows of flowers—re-
flected personalities in each in-
stance of separate display. And how wist-
ful are the shadows from overhang-
ing willows and other trees, upon
the surface of a running brook. And
what a picture are the distant shad-
ows that creep along a series of
hills or mountains.

Planted in my memory are the
beautiful, lace-like shadows of the
clouds that I noted upon the sur-
face of the ocean, upon my first
plane journey from Miami to Ha-
vana. There was something magic
about that tapestry of soft blue-
gold in shadowy form.

An artist could not get his con-
trasts without his shadows. In life
we have our shadows, in the form
of disappointments and sorrows, but
without them, we would not appre-
ciate our joys and our blessings.
They balance our lives.

Tomorrow Mr. Adams will talk on
the subject: "Huckleberry Finn."

Biglerville Busy Preparing For Parade, Lighting Ceremony Next Tuesday; Prizes Offered

Enthusiasm is mounting in Big-
lerville and in the upper communi-
ties as the preparations for the
parade and lighting ceremony to be
held Tuesday evening, December 6,
in Biglerville, to usher in the yuletide
season enter the final stages.

It is expected that almost all busi-
ness places in Biglerville will have
a float in the parade, as well as local
organizations and high school
classes. Among the many who will
enter floats in the parade are these:
L. W. Kleinfelter, Adams County,
Wolff Implement, American Legion
Post 262, Upper Adams Lions club,
Biglerville fire company, Thomas
brothers, Bair's drug store, Ralph
Shetter, Boy and Girl Scouts, Henry
Lower, and many others.

One of the marshals who will lead
the parade on horseback will be
Ralph Shetter.

Cash Prizes Offered
All of the classes in the junior
and senior high school are working
hard to come up with a float that
will capture prize money. Prizes will
be given for the best non-commercial
floats in the parade.

There will be a first prize of \$30,
a second prize of \$20, and a third
prize of \$10. No commercial floats
or the floats of such organizations
as the Lions club will be judged for
prizes.

The Upper Adams Joint high
school band will lead the parade
which will form at Fourth street
and all floats will be ready to move
into formation at 7:45 p. m. At 8
p. m. the parade will move down
East York street to the square, then
up West York street to High street,
down High street to Hanover street,

down Hanover street to South Main,
and up South Main and past the
square to the high school where
the parade will break up.

Plan Lighting Ceremony
Following the parade a lighting
ceremony and program will be held
at the square. The Upper Adams
Joint high school band will partici-
pate in this program.

A highlight of the program will
be a large massed choir composed
of singers from all the churches in
Upper Adams county. It is hoped
that all churches will be repre-
sented.

Another highlight of the program
will be the turning on of the Christ-
mas lights.

Not all the details of the program
have yet been released.

There will be no community
Christmas tree this year. Instead a
four-sided star will be placed in the
center of the square. Strings of
colored lights and greens again will
lend a holiday atmosphere to the
town. These will be placed during
this week.

Prizes For Homes
Prizes will be given for the best
decorated residence within the bor-
ough of Biglerville.

Judging of these homes will take
place December 19 by judges from
out of town. These judges will be
chosen by Eddie Bowers and Roy
Gettler. First prize for the best de-
corated home will be \$50, second prize,
\$25, and third prize, \$10.

These events are being sponsored
by the Business club of Biglerville.
In charge of the parade and decora-
tions are James Shetter and
Henry Lower. Working out the pro-
gram for the celebration is Mrs.
Marian Harbaugh with the help of
Prof. Charles Yost and Harold San-
ders of the Upper Adams Joint high
school.

Student Teachers
Assisting Snyder

Two student teachers from Penn
State college are now assisting Cecil
Snyder, vocational agriculture teacher
in the Upper Adams Joint high
school. They will remain at the
school for eight weeks. They are
William H. Baumgartner and
Charles C. Drawbaugh.

Mr. Baumgartner comes from
Kunkletown R. 1 in Monroe county
where he lived on a 115-acre general
farm. He worked two years on a
dairy farm before going to Penn
State.

in York county. He has spent his
entire life in a rural community on
a 106-acre farm near Dover. Along

half years in the army combat
medics in the Philippines and New
Guinea and was awarded the bronze
star. He is a graduate of Hershey

Fleeing Motorist Faces Two Charges

Leaving the scene of a collision, Charles Ernest Barnhart, 19, Taneytown, formerly of Emmitsburg R. 2, upset his car on the Uniontown road a mile and a half west of Westminster Saturday night, injured himself and received a state summons to a hearing Saturday for failing to stop after an accident and reckless driving.

Barnhart allegedly sideswiped an automobile driven by Preston S. Flickenger, Westminster R. 5, about 9:40 p. m. in Westminster. Flickenger gave pursuit to the offender's automobile containing the driver and two passengers.

Flickenger said Barnhart left the scene of the collision without identifying himself. The Westminster man described to State Trooper G. C. Markle how Barnhart, driving at a great rate of speed trying to out-distance his pursuer, failed to negotiate a curve a little over a mile from the scene of the accident.

Barnhart's car turned over as Flickenger caught up to him. Taken to the office of the Carroll county medical examiner, Dr. James T. Marsh, Barnhart was treated for numerous lacerations about the head and discharged. Trooper Markle later cited the injured driver to hearings on two charges before Magistrate Vincent Tubman, at Westminster, Saturday.

MORE DEADLY ATOM WEAPONS TO BE TESTED

By ELTON C. FAY

(Associated Press Military Reporter)
Washington, Nov. 30 (AP)—Some more—probably even more deadly—atomic weapons are going to be exploded by the United States in a secret test. It will be weighty with meaning for Russia and the rest of an A-bomb conscious world.

A joint announcement by the Atomic Energy Commission and Defense Department last night gave the place—the mid-Pacific proving ground in Eniwetok atoll—but kept secret the time. It said only that tests are "planned."

There was an obvious reason for concealing the month, week or days on which the tests will be made: To foil any attempt by Russian submarines or airplanes to steal close enough to the atoll to make some technically useful observations.

No Visitors Welcome

Russia now has produced her own atomic explosion. Scientists here believe that Soviet bombs are far behind the new and vastly more powerful designs developed by the United States.

Apparently no foreign visitors, friendly or unfriendly, are wanted at Eniwetok for the forthcoming tests.

The announcement said "full security restrictions as required by the atomic energy act apply to all aspects of test preparations, including the time of the tests." This was interpreted in some quarters to mean that the rigid provisions of the atomic law, prohibiting transmission of secret data to any foreign power, would mean that Britain and Canada wouldn't be invited to send observers. This policy would be in line with the previous Eniwetok test of three weapons in April and May of 1948, when none but American military men and scientists of the commission was present.

8 Already Set off

Up to now the United States has exploded eight atomic weapons. Two of them were dropped in wartime on the Japanese cities of Hiroshima and Nagasaki, the others exploded in the initial pre-attack test at Alamogordo, N. M., and in the 1946 tests at Bikini and at Eniwetok.

Although thousands of persons have worked on the tests—40,000 at Kikini, 10,000 at Eniwetok—the only people ever hurt or killed were the intended victims, the Japanese of the two cities. Nor have there been any injuries as the result of test explosions.

It was clear that the forthcoming Eniwetok tests to test-fire weapons improved in design and efficiency even since the 1948 explosions.

Also, there was the recent television broadcast by Senator Edwin C. Johnson (D-Colo.). He talked on new bombs "six times the effectiveness of the bomb we dropped on Nagasaki" and of "considerable progress" toward perfecting a "super bomb" with 1,000 times the effect of the Nagasaki bomb. It wasn't clear whether Johnson meant those already tested in the 1948 Eniwetok experiments were six times as powerful or whether he was talking of some yet to be proof-fired.

8. The Ascension. Shows the three disciples looking with astonishment at Jesus, who rises majestically heavenward.

Church Rededicated

Rededication services were held afternoon and evening Sunday, September 14, 1947. Guest speakers were Rev. Dr. Harvey D. Hoover and the Rev. Dr. Carl C. Rasmussen.

Turning to the history of the Sunday School we find no records of a Sunday School available before 1857. The earliest records show that the Arendtsville Sabbath School Union Sunday school society was organized on June 7, 1857. The following were appointed as officers and teachers: Peter Kime, president; Jacob Keckler, vice president; Jacob F. Lower, superintendent; Frederick Kime, secretary and librarian; Lewis Wolf, Isaac Byers, George Plank, George Thomas, Jacob Bushey, Jacob Eyster, and Samuel Wolf, male teachers; Mary Grammer, Isabella Lower, Rebecca Stallsmith, Anne Schwartz, Nancy Comfort, Sophia Wert, Elizabeth Minter, Rebecca Eyster, Catherine Bushey, and Eliza Bittinger. This history is recorded in a book preserved by John F. Bushey.

Bible Class Formed

A Bible class was organized in 1858 and this year a membership fee of not less than 15 cents was imposed upon those joining the Sabbath school society. At this time the society had 134 members. An important event was a public examination of scholars by the Rev.

Jacob Zeigler, the president of the society. Length of the term was from June until the last of September.

The record stops in 1886 and begins again April 23, 1886, with George Arendt, president; Jacob Sandoe and Henry Lady, superintendents; Elias Spangler, treasurer; and J. H. Plank, secretary and librarian. The term closed October 21, 1886, making it six months in duration. By 1873 the school was open the whole year with two organizations. The summer session began April 27 and the winter session on November 2.

Much enthusiasm was expressed over the Sunday school picnic, or celebration as it was called then, and many committees were appointed for this occasion. They met at the church on September 19, 1886, and marched to Beecher's grove at Beecherstown. John F. Bushey was in charge of the music. August 24, 1884, is the date of the first recording of the Lutheran Sunday school. No organization is recorded but it is known that John Knouse offered a prayer and Elias Spangler gave an address.

Good-bye to the common cold?

If you begin to take them at the first sign of a cold, certain new anti-bismine tablets will likely kill your cold within 36 hours. They will also prevent the sneezing, coughing, and runny nose that spread infection to others. And they are not limited to expensive prescriptions; the government permits their direct sale to the public in drug stores.

Hunter Discovers Skeleton In Woods

Boiling Springs, Pa., Nov. 30 (AP)—

A coroner said today a 51-year-old man, whose skeleton was found on nearby South mountain, died of exposure nearly 11 months ago.

Dr. E. A. Haegele, Cumberland county coroner, said the body was identified as Howard Brenneman, of

Boiling Springs, who disappeared from his home last Jan. 9. He said Brenneman had been subject to fainting spells.

Luther Sadler, also of Boiling Springs, discovered the skeleton yesterday while hunting on the mountain, about three miles from here. A widespread search was conducted when Brenneman disappeared.

MORE DEADLY ATOM WEAPONS TO BE TESTED

By ELTON C. FAY
(Associated Press Military Reporter)

Washington, Nov. 29 (AP) — Some more—probably even more deadly—atomic weapons are going to be exploded by the United States in a secret test. It will be weighty with meaning for Russia and the rest of an A-bomb conscious world.

A joint announcement by the Atomic Energy Commission and Defense Department last night gave the place—the mid-Pacific proving ground in Eniwetok atoll—but kept secret the time. It said only that tests are "planned."

There was an obvious reason for concealing the month, week or days on which the tests will be made: To foil any attempt by Russian submarines or airplanes to steal close enough to the atoll to make some technically useful observations.

No Visitors Welcome
Russia now has produced her own atomic explosion. Scientists here believe that Soviet bombs are far behind the new and vastly more powerful designs developed by the United States.

Apparently no foreign visitors, friendly or unfriendly, are wanted at Eniwetok for the forthcoming tests.

The announcement said "full security restrictions as required by the atomic energy act apply to all aspects of test preparations, including the time of the tests." This was interpreted in some quarters to mean that the rigid provisions of the atomic law, prohibiting transmission of secret data to any foreign power, would mean that Britain and Canada wouldn't be invited to send observers. This policy would be in line with the previous Eniwetok test of three weapons in April and May of 1948, when none but American military men and scientists of the commission was present.

8 Already Set off
Up to now the United States has exploded eight atomic weapons. Two of them were dropped in wartime on the Japanese cities of Hiroshima and Nagasaki, the others exploded in the initial pre-attack test at Alamogordo, N. M., and in the 1946 tests at Bikini and at Eniwetok.

Although thousands of persons have worked on the tests—40,000 at Kikini, 10,000 at Eniwetok—the only people ever hurt or killed were the intended victims, the Japanese of the two cities. Nor have there been any injuries as the result of test explosions.

It was clear that the forthcoming Eniwetok tests are to test-fire weapons improved in design and efficiency even since the 1948 explosions.

Also, there was the recent television broadcast by Senator Edwin C. Johnson (D-Colo.). He talked on new bombs "six times the effectiveness of the bomb we dropped on Nagasaki" and of "considerable progress" toward perfecting a "super bomb" with 1,000 times the effect of the Nagasaki bomb. It wasn't clear whether Johnson meant those already tested in the 1948 Eniwetok experiments were six times as powerful or whether he was talking of some yet to be proof-fired.

Church Rededicated
Rededication services were held after noon and evening Sunday, September 14, 1947. Guest speakers were Rev. Dr. Harvey D. Hoover and the Rev. Dr. Carl C. Rasmussen.

Turning to the history of the Sunday School we find no records of a Sunday School available before 1857. The earliest records show that the Ardreville Sabbath School Union Sunday school society was organized on June 7, 1857. The following were appointed as officers and teachers: Peter Kime, president; Jacob Keckler, vice president; Jacob F. Lower, superintendent; Frederick Kime, secretary and librarian; Lewis Wolf, Isaac Byers, George Plank, George Thomas, Jacob Bushey, Jacob Eyster, and Samuel Wolf, male teachers; Mary Grammer, Isabella Lower, Rebecca Stallsmith, Anne Schwartz, Nancy Comfort, Sophia Wert, Elizabeth Minter, Rebecca Eyster, Catherine Bushey, and Eliza Bittinger. This history is recorded in a book presented by John F. Bushey.

Bible Class Formed
A Bible class was organized in 1858 and this year a membership fee of not less than 15 cents was imposed upon those joining the Sabbath school society. At this time the society had 134 members. An important event was a public examination of scholars by the Rev.

NEW STRIKE BY MINERS LOOMS FOR MIDNIGHT

New York, Nov. 30 (AP)—The nation was threatened with a new coal strike at midnight tonight, and only a last minute move by John L. Lewis' United Mine Workers policy committee seemed likely to avert the walkout.

The 200-man committee was scheduled to meet here at 4 p. m. (EST), and Lewis, whose moves the past few days have been shrouded in secrecy, was in New York for the all-important session.

Mine owners were reported standing solidly against any contract concessions, and there was no indication of government intervention.

Hope For 11th Hour Move

Reports from Key West, where President Truman is vacationing, said presidential advisers apparently were clinging to the hope of an 11th hour resumption of negotiations between Lewis and the operators which would permit extension of their three-week truce, expiring

at midnight.

The policy committee had been directed by Lewis to meet here Monday, but at the last minute the session was postponed until yesterday, and then again until today. Lewis was busy elsewhere.

Lewis abandoned his old-time policy of "no contract no work" when the miners' agreement with the operators expired last June 30.

A short work week and a 52-day strike were interrupted on Nov. 9 by Lewis' order to go back to work. The truce order was issued after a meeting of the policy committee in Chicago Nov. 9.

No Explanations

The United Mine Workers chief sent word Monday and again yesterday that he would prefer to have his followers mark time while he tried to forge a new contract out of the very cool negotiations which have occupied the soft coal operators and union officials for months.

Lewis offered no explanation for postponing the meetings. But he apparently decided yesterday that another 24-hour postponement was justified, as direct talks with major coal operators were reported in the making.

Lewis was reported to have held an important conference with Harry M. Moses, president of the H. C.

STATE SPENDING HITS NEW HIGH FOR BIENNIIUM

Harrisburg, Nov. 30 (AP)—A record-smashing 1 1/2 billion dollars was spent by the commonwealth of Pennsylvania in the two years ending last May 31.

Auditor General Weldon B. Heyburn released a new table of income and expenses which emphasized the rising cost of state government between the last biennium and those ending in 1947 and 1945.

Health and welfare expenses led the increases with a steady rise in the past six years. Not including public assistance, the state paid out \$122,643,074 for those purposes in 1947-49 as compared with \$87,527,128 in 1945-47 and \$67,586,109 in 1943-1945.

Profit On Liquor

Public assistance, another giant welfare item jumped from \$129,749,340 for 1943-1945 to \$232,145,360 for 1947-1949.

Education costs soared from \$156,340,192 in 1943-1945 to \$257,132,460

in 1947-1949 and highways, from \$109,055,110 to \$305,556,917.

The report showed that welfare and highways were the commonwealth's largest expense items in the past two years.

Some \$304,848,479 went to supply stock for the state liquor stores but the sale of that liquor, plus the 10 per cent state liquor tax, brought in \$419,728,608.

Other Side of Ledger

The motor license fund received \$275,666,905 from gasoline taxes, motor license fees and federal highway aid and paid out \$306,023,417 in expenditures for construction and maintenance of highways, salaries and other operations of the Highway Department. Interest and sinking fund requirements and aeronautical allocations.

The Department of Public Instruction put out \$257,132,460 in aid to public schools, salaries and other expenses.

The other side of the ledger saw \$497,473,615 coming in from tax incomes including levies on corporations, cigarettes, beer, inheritances, soft drinks and gross receipts of public utilities.

More Income Items

Federal grants totaling \$88,631,459 came in for assistance, school lunches, rehabilitation and education, airports and similar programs.

Other income in the 1947-49 biennium included \$51,992,598 from bond issues, \$24,349,888 from tuition at state-owned colleges, refund of assistance payments and premiums received from out-of-state casualty insurance companies on policies signed in Pennsylvania, \$18,015,305 from municipalities for maintenance of inmates in state-owned institutions, \$10,559,662 from license fees plus another \$7,532,913 from fishing and hunting licenses, \$5,101,390 in interest on investments and rentals of lands and forests.

ASKS COFFEE PROBE

Washington, Nov. 30 (AP)—The high cost of coffee brought a demand Tuesday from Senator Young (R-N.D.) for a full-dress Senate investigation. "It seems clear there is considerable speculation and profiteering in coffee," Young told reporters. He added that a Senate inquiry might "prevent a racket" in coffee sales.

Washington, Nov. 30 (AP)—The Atomic Energy Commission disclosed Monday that it has worked out

scientific designs for a plant to "breed" precious atomic materials. If the plan works as anticipated, it will be of enormous importance in supplying atomic materials for such peacetime projects as atom-powered ships and aircraft.
